

Hammondspport Central School District School Lunch Program Notice of Meal Charge Guidelines

It is the District's desire that all Hammondspport Central School children receive a complete meal of their choice each day. It is appreciated that all student accounts will remain current. In the event an account is in arrears, the child will continue to receive a complete meal of their choice while the account continues to accrue these charges. Snack or a la carte purchases are not an option when a student is not current.

As parents, you have several options:

1. If there has been a change in household income, you have the right to modify the information on your free or reduced price meal application. Your child may qualify for a free or reduced price meal.
2. If you do not have a current application on file, you can request one from the elementary/high school office or download one from the District website.
3. If it would be more convenient for you, the district offers a meal prepayment option. You can send in a check every month (or any period you choose) to cover all meals for that period.
4. Hammondspport School District also offers an online payment option to parents called My School Bucks. The My School Bucks link is on the Hammondspport School home page under the Cafeteria tab.

Please remember, it is the parent/guardian's responsibility to make payments on any outstanding charges. Households will be contacted by an automated phone call and/or by mail when cafeteria accounts are past due. The District can help to establish a payment plan to bring the account current prior to the end of the school year. Cafeteria management, building administrators and the District Business Office will work cooperatively with families to bring the account current.

These are the guidelines the Hammondspport School District has in place and they will be followed to ensure that all students are treated as equally as possible and cafeteria accounts remain current.
